PE and Sports Premium Statement 2018/19

This document reviews the spending and impact of the PE & Sports Premium Grant for 2017/18 academic year

Rivermead Primary School understands and values the importance of physical activity and sport. The children are encouraged to undertake a range of sports and activities both within the Physical Education (PE) curriculum and also in extra-curricular activities.

Premium Sports Funding

The Government is providing funding 'PE & Sports Premium' of £150 million per annum to provide new, substantial primary school sport funding. This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary schools to spend on improving the quality of sport and PE for all their children.

The sport funding can only be spent on sport and PE provision in schools.

Purpose of funding

Schools will have to spend the sport funding on improving their provision of PE and sport, but they will have the freedom to choose how they do this.

Possible uses for the funding include:

- Hiring specialist PE teachers or qualified sports coaches to work alongside primary teachers when teaching PE
- New or additional Change4Life sport clubs
- Paying for professional development opportunities in PE/sport
- Providing cover to release primary teachers for professional development in PE/sport
- Running sport competitions, or increasing participation in the school games
- Buying quality assured professional development modules or materials for PE/sport
- Providing places for pupils on after school sport clubs and holiday clubs.

In the academic year we received £15,334. Rivermead the School Leadership Team and Governors spent the grant on the following to support PE & Sport:

Impact:

The quality of the teaching of PE has risen through the expertise of having specialist coaching within PE lessons. Teaching staff have benefitted from accessing materials (planning, resources, and teaching ideas) to ensure their own teaching of PE has improved, engaging and motivating pupils through the PE curriculum. More clubs have been provided, through sourcing external agencies, which has supported the school in promoting a 'Healthy Lifestyle' with the children. The school has entered more competitions, and have taken time to provide weekly coaching sessions either afterschool or at lunchtimes. This has developed the values of sport – teamwork, cooperation, support, respect, fair play, and determination. The children are proud to represent their school and has given many a sense of belonging and achievement. The school has enjoyed a successful year competing, especially with Tag Rugby and Football.
